# DON'T LET THE CENSORS PULL THE PLUG ON FREEDOM

Today, *you* decide what gets shown on television. Simply by tuning in. But a political movement wants to eliminate programs that don't conform to their narrow ideology. To work their will on television—American culture's most powerful communicator—the censors' weapons are boycotts, threats, harassment, and letter-writing campaigns. If you want to continue to have a choice and you agree that TV shouldn't be held hostage by those who demand it reflect only their view of the world, fight back. Call People For the American Way's special **artsave** hotline to report an incident of censorship or to lend your support in the battle for free expression.
